

# Christopher Michael Chidiebere

1 Garden Avenue, Apartment 1A

+2347038130576 | [christopherchidiebere04@gmail.com](mailto:christopherchidiebere04@gmail.com)

**Architecture Design | Technical Oversight | Complex Business Initiatives | Maintainable Code**

**EDUCATION:** Bachelor's, Computer Science @ Abia State University, Uturu.(2021 – 2024)

**CERTIFICATIONS:** IBM Full Stack Software Development | Google Project Management | Data Science & Python

## PROFESSIONAL SUMMARY

Dedicated Full Stack Software Developer with 3 years of experience specializing in modern architecture, development, and DevOps practices. Excels in designing and implementing robust, scalable solutions while driving continuous improvement through agile methodologies. Seeking to contribute technical expertise to a dynamic team.

## AREAS OF EXPERTISE

- Strong problem-solving and troubleshooting abilities
- Excellent interpersonal and communication skills
- Agile methodologies and project management
- Cross-functional collaboration and team leadership
- Continual learning and adaptability to emerging technologies

## PROFESSIONAL EXPERIENCE

### Full Stack Developer / Dev-Ops (Omdena) 2021 – Present

- Resolved critical issues in real-time, optimizing application performance and enhancing user experience.
- Developed and maintained AZURE-based CI/CD pipelines, resulting in streamlined deployment processes and a 30% reduction in deployment time.
- Innovated methodologies, tools, and accelerators, fostering an environment of innovation and thought leadership.
- Collaborated with Executive leadership to define project requirements, propose solutions, and ensure on-time, within-budget project implementation.
- Aligned with the communications team to drive UI/UX design and feature releases, maintaining consistency with the strategic roadmap.
- Led the end-to-end design and development of web applications using React and Angular, yielding a 40% increase in user engagement.
- Implemented Docker containers for application deployment, achieving 99% uptime and optimizing resource utilization by 25%.
- Designed and executed RESTful APIs, enhancing data exchange efficiency by 50% and system interoperability.
- Managed version control using the GitFlow methodology, guaranteeing code quality through collaborative reviews and adherence to standards

## TECHNICAL SKILLS

- Front-end:** HTML, CSS, JavaScript, React, Angular, Vue.js
- Back-end:** Node.js, Express.js, Next.js, Ruby on Rails, Python Django
- Databases:** MongoDB, MySQL, PostgreSQL
- DevOps:** Docker, Azure
- Version Control:** Git, GitFlow
- CI/CD:** Jenkins
- Experience in designing and optimizing database schemas for performance.
